The research for this document is ongoing. Due to the limitations of the Morgan County Commission’s online deed search system, most of these deed chains only reach back to 1950, along with any earlier deeds referenced on deeds from 1950 and later. More comprehensive pre-1950 research will require visits to the Morgan County Courthouse. Please contact Zachary Salman and/or the Town of Bath Historic Landmarks Commission if you are interested in contributing to this project.

Occasional highlights are bookmarkers for research in progress.
